Quality & Design - Made in Italy

Conceived to meet bathroom safety requirements

Our products are designed to offer high quality stylish bathroom safety solutions for hospitals, healthcare centres and the general public.

The fastening systems conceived make them easy to install; smooth, rounded lines with no sharp edges prevent the accumulation of dirt, simplifying cleaning; products are equipped with anti-theft system for the highest efficiency.

The technopolymer used to make them is a high-quality plastic material which distinguishes all our products and makes them unique in terms of beauty and texture. Crafted and coloured in paste, our technopolymer is very strong, shatterproof and resistant to time and general wear and tear.

The smooth and non-porous surface of our products prevents bacteria from nesting on it. The perfect closure of the fastenings allows easy cleaning with a damp cloth.

The standard and pastel colours have been chosen to enhance these products and make them suitable for use in any context, in attractive, non-invasive shades.

The key characteristics of these products are quality and functionality. To ensure a high quality standard, production and assembling are 100 % made in Italy.

THE PRIDE OF THE PRODUCT

With this spirit, every day our staff create unique products distinguished by high aesthetic content and excellent manufacturing quality.
We make safety aids for the bathroom and the most beautifully designed bathroom accessories, to make the bathroom safe and attractive, and to offer special architectural solutions, sustaining the philosophy of Italian Quality.

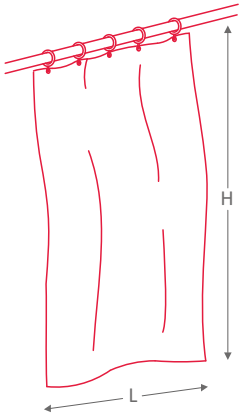
Cod. **TD.T200** | L 200 cm

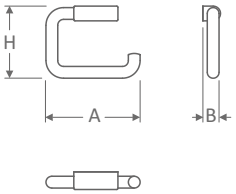


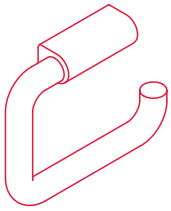
ACCESSORIES

Toilet roll holder

U-shaped toilet roll holder, fastened in place with an invisible double support made of aluminium, made of high-quality technopolymer, antitheft protection, easy to clean, complete with stainless-steel fastenings.

Cod. **AB.R** | A 160 x B 30 x H 122 mm



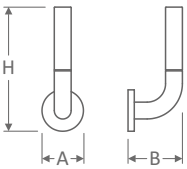


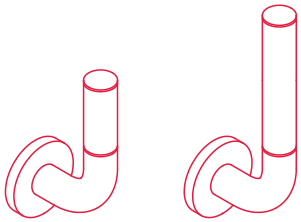
Toilet roll holder with storage

Toilet roll holder with storage for 1 or 2 rolls in cylinder form, made of high-quality technopolymer with steel inner, treated with rustproofing, fastened to the wall with a flange, with flange cover, anti-theft protection, easy to clean, complete with fastenings.

Cod. **AB.RS1** (for 1 roll) | A 79 x B 96 x H 190 mm

Cod. **AB.RS2** (for 2 rolls) | A 79 x B 96 x H 290 mm





MADE IN ITALY

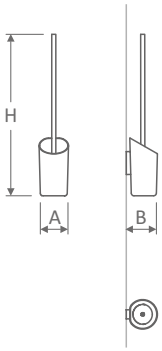
STYLA® BATHROOM EQUIPMENT

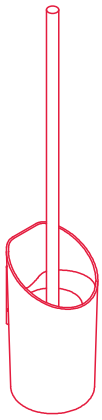
ACCESSORIES

Toilet brush

Toilet brush with self-centring function to guide the brush and hold it in the vertical position, elongated handle with ergonomic grip and interchangeable head, equipped with tank for disinfectant, pull-out container to allow easy cleaning, made of high-quality techno-polymer, complete with stainless-steel fastenings.

Cod. **AB.S** | A 110 x B 116 x H 600 mm





ACCESSORIES

Slide connection for shower

Adjustable lift system accessory for hand shower, made of high-quality technopolymer, color white.
Suitable for vertical handles diameter 3,2 cm.
Hand shower not included.

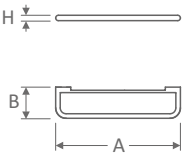
Cod. **MA.SSD**

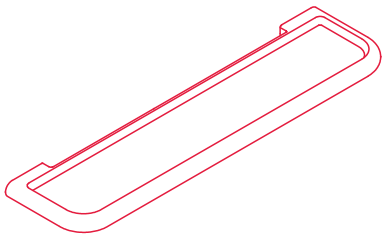
ACCESSORIES

Shelf

Shelf for installation under mirror, with hollow, fastened to the wall with three supports, which can be pulled out to allow easy cleaning, made of high quality technopolymer, anti-theft protection, complete with stainless-steel fastenings.

Cod. **AB.M** | A 607 x B 150 x H 26 mm

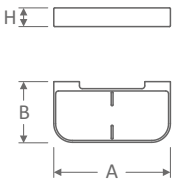


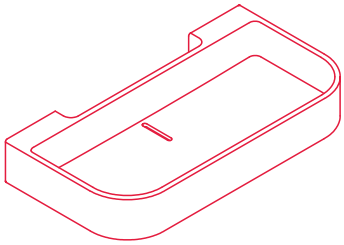


Shower tray

Elongated shower tray with concave base to allow the water to flow out through two drainage slots, fastened to the wall with two supports, extractable to allow easy cleaning, made of high-quality technopolymer, complete with stainless-steel fastenings.

Cod. **AB.V** | A 245 x B 127 x H 37 mm



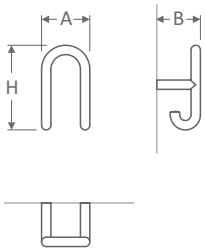


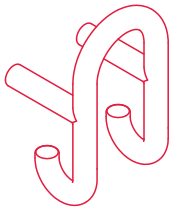
ACCESSORIES

Coat hook

Coat hook with rounded upper end and lower end with two hooks facing inwards, fastened to the wall with an invisible double support made of aluminium, made of high-quality technopolymer, antitheft protection, easy to clean, complete with stainless-steel fastenings.

Cod. **AB.U** | A 93 x B 85 x H 173 x Ø 18 mm





Single coat hook

Rounded coat hook made of high-quality technopolymer, easy to clean, complete with stainless-steel fastenings.

Cod. **AB.G** | A 39 x B 36 x H 60 mm

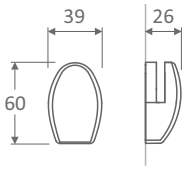
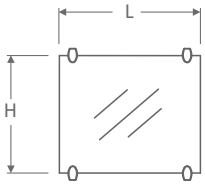
MIRRORS

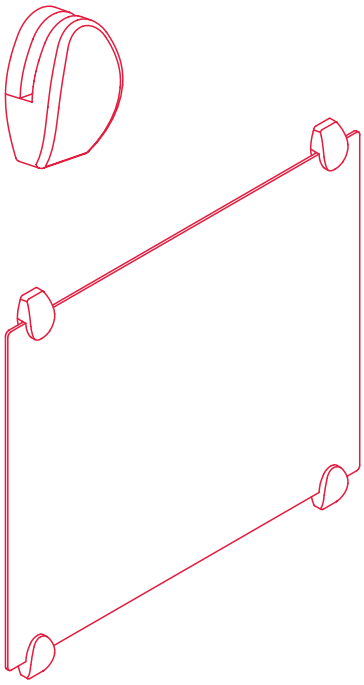
Specchio fisso

Mirror made with 6 mm thick safety glass with polished edge and rounded corners.
Fastened to the wall with four rounded mirror clips (included) made of high quality technopolymer, easy to clean, complete with stainless-steel fastenings.

	Mirror size:
Cod. **SF.6050**	L 600 x H 500 x thick 6 mm
Cod. **SF.00**	Made to measure







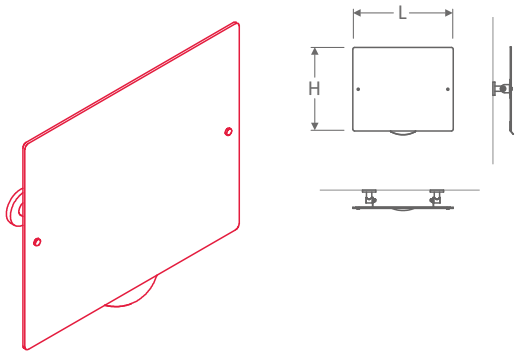
MIRRORS

Swivel mirror

Swivel mirror made with ground safety glass with polished edge and rounded corners, adjustable swivel mechanism with clutch, polished stainless-steel handle (optional), supports and profiles made of high-quality technopolymer fastened to the wall with a flange with flange cover, complete with fastenings.

Mirror size:

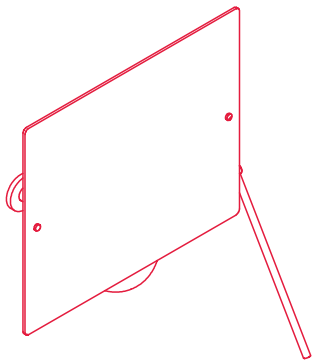
Cod. **SN.6050** | L 600 x H 500 x thick 6 mm



Mirror size:

Cod. **SN.6050M** | L 600 x H 500 x thick 6 mm

Model with elongated handle



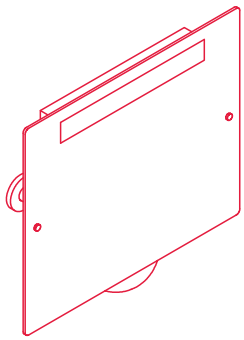
MIRRORS

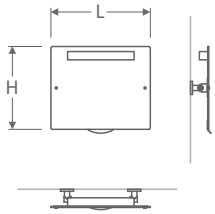
Backlit swivel mirror

Swivel mirror made with ground safety glass with polished edge and rounded corners, adjustable swivel mechanism with clutch, backlit with LED light with IP44 protection, polished stainless-steel handle (optional), supports and profiles made of high-quality technopolymer, fastened to the wall with a flange with flange cover, complete with fastenings.

Mirror size:

Cod. **SN.6050L** | L 600 x H 500 x thick 6 mm

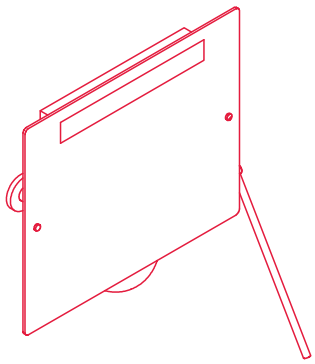




Mirror size:

Cod. **SN.6050LM** | L 600 x H 500 x thick 6 mm

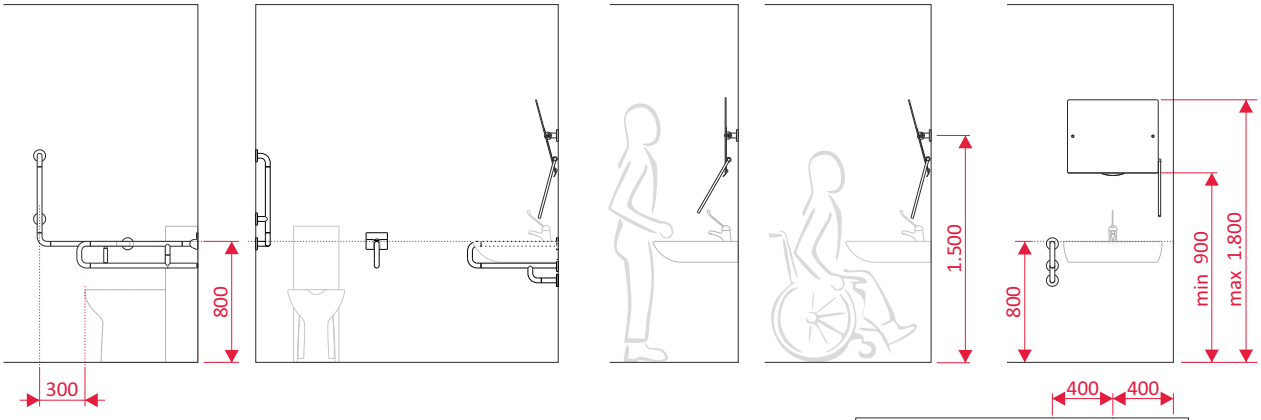
Model with elongated handle

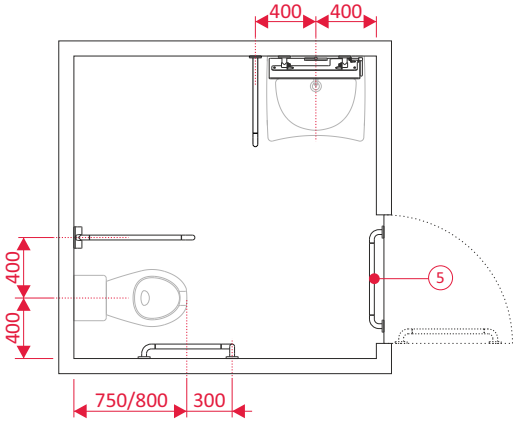


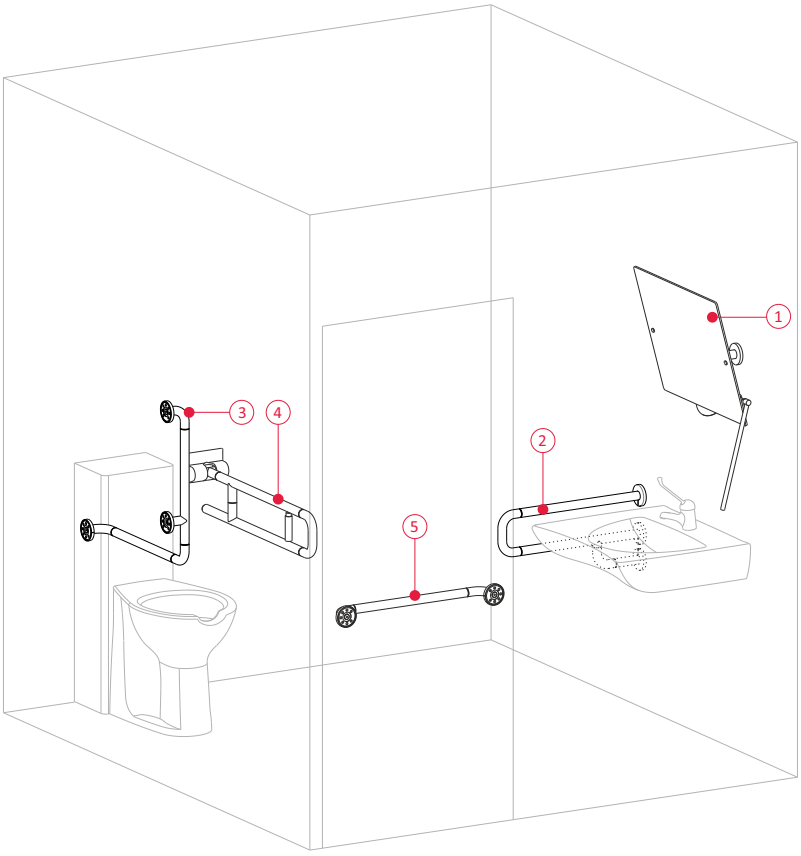
Project tips

On the following pages we would like to share some design tips for the construction of a disabled toilets according to the current italian design regulations.

Project tips







example **A**

Disabled toilets, size 2 x 2 mt,
set up with:
water closet and washbasin.

Washbasin area:

1. **SN.6050M** Swivel mirror, with elongated handle.
2. **MA.F60** Fixed support handle.

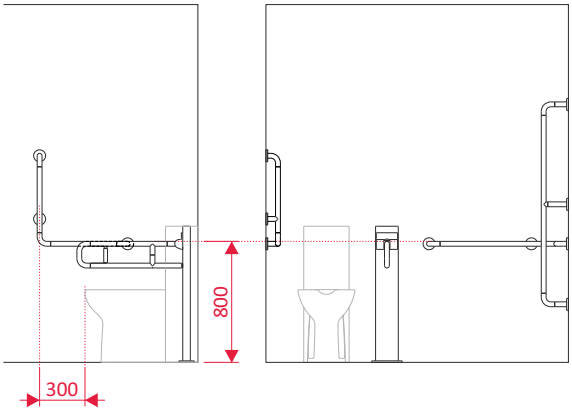
Toilet area:

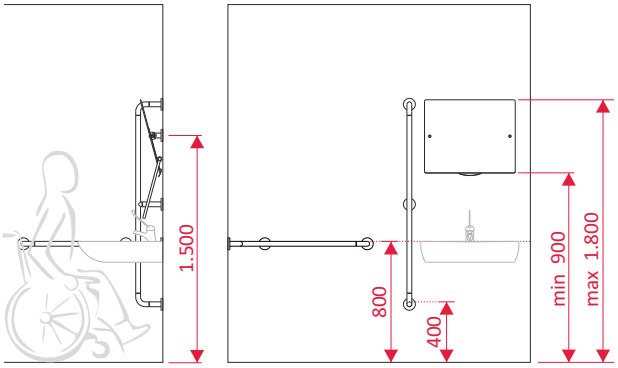
3. **MA.L66** Handle with support.
4. **MA.R80R** Tip-up support handle, with toilet roll holder.

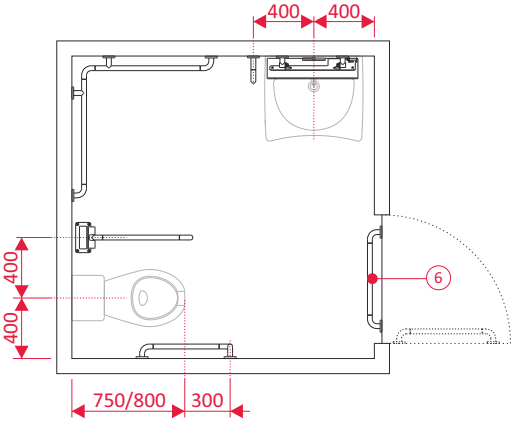
On the inside door:

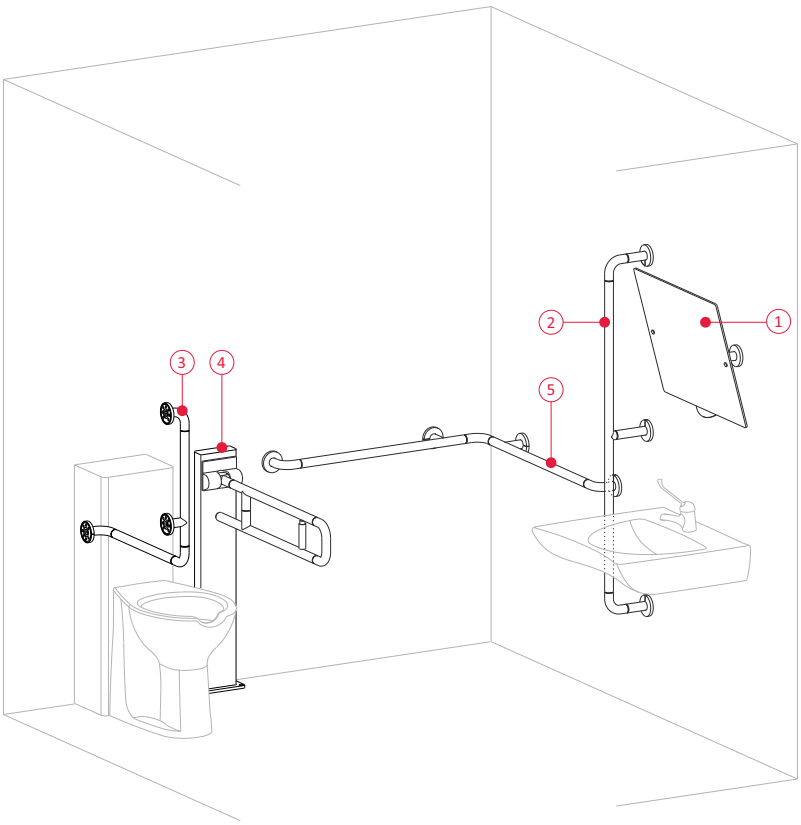
5. **MA.D70** Linear safety handle.

Project tips









example **B**

Disabled toilets, size 2 x 2 mt,
set up with:
water closet and washbasin.

Washbasin area:

1. **SN.6050** Swivel mirror.
2. **MA.V140** Vertical wall-to-wall handle.

Toilet area:

3. **MA.L66** Handle with support.
4. **MA.RP70R** Tip-up floor-mounted support with toilet roll holder.

Angolo libero:

5. **MA.A96** Corner handle.

On the inside door:

6. **MA.D70** Linear safety handle.

MADE IN ITALY

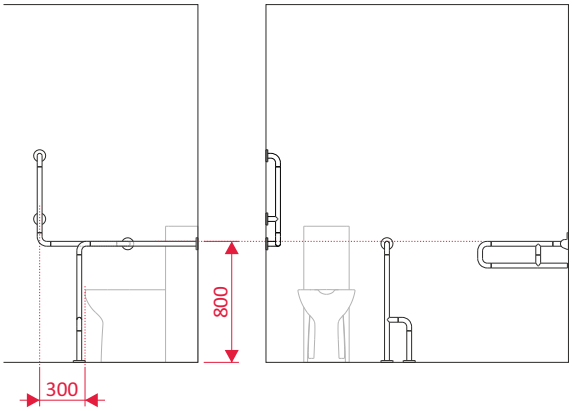
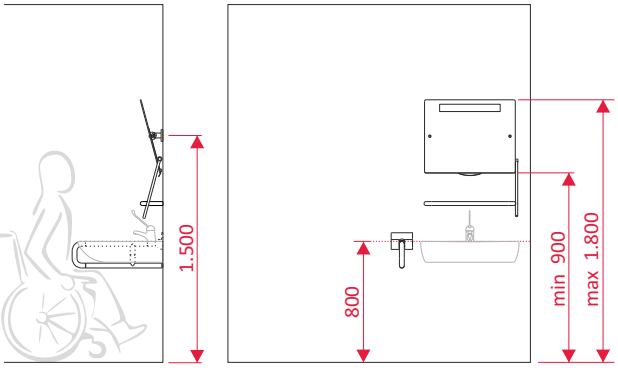
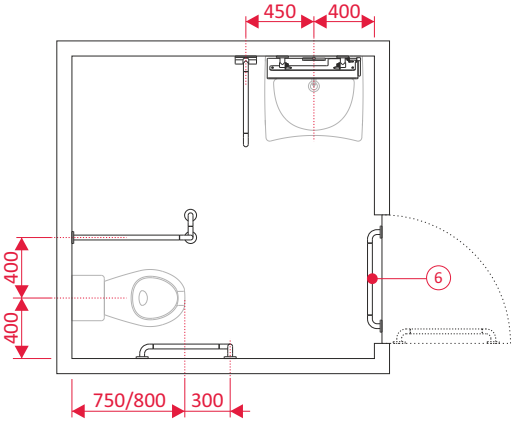
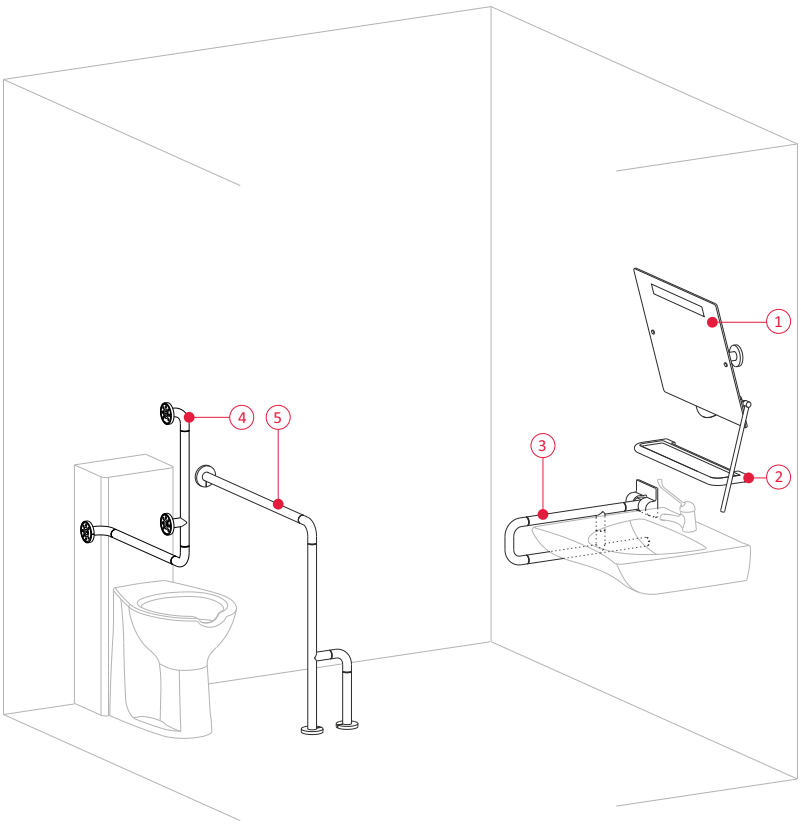
Project tips









example **C**

Disabled toilets, size 2 x 2 mt,
set up with:
water closet and washbasin.

Washbasin area:

1. **SN.6050LM** Backlit swivel mirror, with elongated handle.
2. **AB.M** Shelf.
3. **MA.R60** Tip-up support handle.

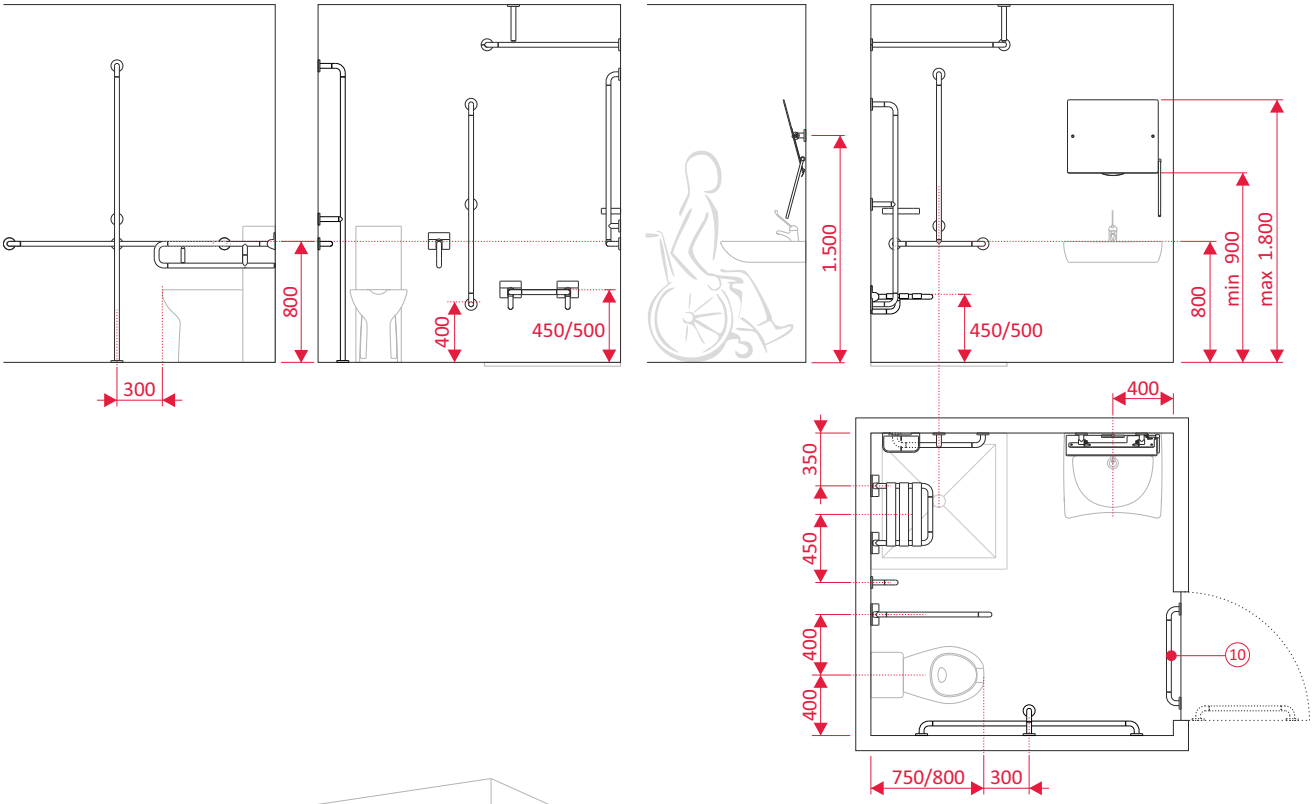
Toilet area:

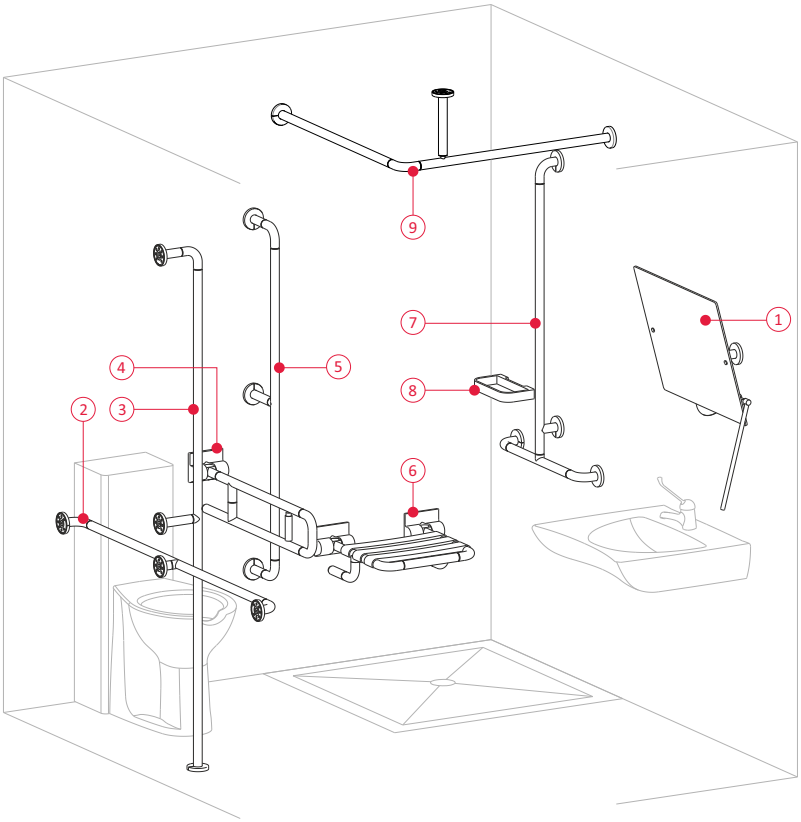
4. **MA.L66** Handle with support.
5. **MA.VP80** Vertical wall-to-floor handle.

On the inside door:

6. **MA.D70** Linear safety handle.

Project tips





example **D**

Disabled toilets, size 2 x 2 mt,
set up with:
shower tray, water closet and washbasin.

Washbasin area:

(1) **SN.6050M** Swivel mirror, with elongated handle.

Toilet area:

(2) **MA.D150** Linear safety handle.

(3) **MA.VT200** Vertical floor-to-wall handle.

(4) **MA.R80R** Tip-up support handle, with toilet roll holder.

Area doccia:

(5) **MA.V140** Vertical wall-to-wall handle.

(6) **SG.R** Tip-up shower seat.

(7) **MA.T66** Handle with central support.

(8) **AB.V** Shower tray.

(9) **TD.A00** Two-sided curtain rail.

On the inside door:

(10) **MA.D70** Linear safety handle.
